Allowable Subject Matter

1-24 TMD
Claims ~~1-25~~ are allowed.

The following is an examiner's statement of reasons for allowance: at a minimum, the prior art does not show or fairly suggest placing an electrically conductive foil between two piezoelectric ceramic sheets, bonding this arrangement into a structure, cutting the structure in a direction perpendicular to the direction of the placement of the foil and aligning the cut components side by side and connecting them by a bonding layer and consequently applying a layer of dielectric material over this arrangement; or, alternatively placing a dielectric layer with a metallized trace arrangement between the cut structures where otherwise was found the bonding layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Direct inquiry to Examiner Dougherty at (571) 272-2022.
